Electric Bakhoor Burner

Instant Smoke · Consistent Scent · Elegant Design

Established in 2015, we are a one-stop source factory specializing
in ODM/OEM manufacturing of home beauty devices and personal care equipment, serving global brand clients.

COMPANY PROFILE

Company & Scope

Established in 2015, Sparkland Intelligent
Technology Co., Ltd. is a leading ODM/OEM
manufacturer specializing in home-use
beauty devices, hair styling appliances, and
body massagers.

Capacity & R&D

Headquartered in Shenzhen, our 4,450m²
facility delivers a monthly capacity of
300,000 units. We provide end-to-end
solutions from concept design, ID/MD,
and hardware/software development
through to mass production, and our R&D
team specializes in core technologies
including multi-channel EMS control, LED
therapy, and thermal management.

Quality, Compliance & Partnership

Sparkland enforces full-process quality control across IQC, IPQC, and OQC, supporting CE, FCC, and RoHS certifications. We are advancing toward Class II medical-device compliance and ILS social-responsibility audits, and are qualified for international IP collaborations. Backed by strong R&D and flexible manufacturing, we have become a trusted partner for global brands, and look forward to more co-creation, co-production, and co-innovation with partners worldwide.
